Beauté Neuve

This 'peeling' treatment removes dead skin cells, letting the glow of new cells shine through. The fruit acids penetrate between dead cells, gently neutralising the skin and removing the dead skin cells. The use of Pure Vitamin C regenerates the elastic fibres, enhancing a natural glow. One treatment will restore a radiant complexion, while a course of three will reduce pigmentation marks on the skin, eliminate dead skin cells and allow the skin to breathe again. Cellular renewal is accelerated, revealing a more youthful and radiant complexion.

Crystal Clear Facials

Founded in 1995, Crystal Clear's success has been built on their commitment to researching and developing new skincare solutions and a desire to innovate exceptional salon treatments, that deliver outstanding results.

Crystal Clear Microdermabrasion

The Crystal Clear Microdermabrasion is a gentle, yet effective, skin resurfacing treatment which will visibly improve the appearance and texture of ageing skin, open pores, blackheads, pigmentation, blemish scars and acne scars. You'll see the difference after just one treatment, however for more problematic skin a course of treatments is recommended. With regular treatments, the skin increases its collagen and elastin formation, giving you a naturally firmer and rejuvenated appearance. Building on this, the gentle vacuum action gives the facial muscles a mini workout each time, providing an immediate lifting effect and an ongoing improvement in tone.

Classic Microdermabrasion

Incorporates cleanse, tone, crystal resurfacing and a 15 minute mini-lift mask.

Crystal Clear Oxygen Therapy Facials

An intense anti-ageing treatment to plump and replenish skin. The oxygen levels in our skin naturally decrease with age, leaving skin less elastic and allowing fine lines to appear. Crystal Clear Oxygen Therapy provides the ultimate in anti-ageing skin rejuvenation, using puncture jet technology to replenish lost oxygen and stimulate cell regeneration for a firmer and more youthful look. Oxygen therapy also helps with spot prone skin thanks to the antibacterial effect of the serum, which reduces the build up of harmful bacteria and the threat of spot scarring.
